The National Plant Introduction Garden at Chico is distributing a thousand pounds of seed corn to Sacramento valley farmers. There are two varieties, one of which produced seventy-five bushels per acre last year.

Reading Matter for the Boys of the Fleet.

Several thousand enlisted men of Admiral Evans' Fleet will be in San Francisco a month or more. For over four months they have been on the water and mostly without access to recent literature, especially magazines. Books, magazines and periodicals, of the past three months, preferably, that they may take with them, will be greatly appreciated by the boys away from home and influences.

Make up a package of reading matter and anything else you may wish to send, to weigh no more than ten or twelve pounds.

Reading Matter (etc.) of the Boys of the Fleet" and address to "The Forward Movement, San Francisco." Wells Fargo will ship all such packages free of charge from offices within one hundred miles of San Francisco, and the Forward Movement (Inc.) will see that they are properly delivered to the men of the Fleet. Such packages may be sent all during the month of May and up to June 15th, the sooner, however, the better. Here is a beautiful and useful way in which almost everyone may remember our boys of the Navy and it is hoped that many will improve the opportunity.

Rubke-Whitlach Nuptials

Miss Martha Rubke, a professional nurse, and Chas. Whitlach of Petaluma, were united in marriage last Sunday in San Rafael at high noon, the Congregational minister of that city officiating.

The groom is the well known telegraph operator in Petaluma, and the bride is the popular and accomplished daughter of Mr. and Mrs. H. Rubke, pioneer residents of Shellville. Mrs. Maude W. Watrous, a cousin of the groom, and Mr. Grover Rubke acted as best man. The ceremony was witnessed only by relatives, the contracting parties and a few intimate friends. An elaborate wedding breakfast followed the nuptials. Mr. and Mrs. Whitlach's many friends in this valley and elsewhere extend best wishes for a happy and prosperous wedded life.

John Serres

John Serres, formerly proprietor of the Bellevue Hotel in El Verano, has purchased from the Franzelli estate the El Verano Saloon, on the corner of Riverside Ave. and Grove St. He will make many improvements in the place and keep a stock of high class wet goods and cigars of approved quality. Mr. Serres has a host of friends everywhere and will no doubt, make a decided success at his new stand.

New Church at Asti

Next Sunday at the Asti Colony the pretty little Roman Catholic church that has been built there, will be dedicated by the Rev. Father Piperni, pastor of the Church of St. Peter and St. Paul of San Francisco, acting for Archbishop Riordan who cannot be present owing to a prior engagement. The church will be dedicated to Our Lady of Mt. Carmel.

Father Piperni will be assisted in the ceremony by the Rev. Father Rosa, an Italian missionary who recently spent a week in Sonoma. The little chapel will be under the spiritual care of the Rev. Father Maurice Barry of Healdsburg.

Crane's Hotel

Crane's Hotel, formerly the Italian-American, in El Verano, has been greatly enlarged, and re-fitted throughout. The genial and popular proprietor, Mr. D. F. Crane, is an expert caterer and is doing a good business. Read his new ad in this issue.

Grand Opening at the Villa

The grand opening for the season of the El Verano Villa will take place on Saturday evening, May 16th. Special music has been engaged for the occasion and a jolly good time is promised to all who attend. Everybody invited to join in the pleasures of the event.

NOT SOON BUT NOW

Buy a lot in the Loustalet's subdivision to City of Sonoma, within a block of the plaza, on main business street. These lots are most convenient business and residence lots in Sonoma.

As a sure and safe investment there's nothing equal to gilt edge real estate—in a growing city.

As a profitable investment nothing equals real estate in Loustalet's sub-division, for these lots are gilt edge and Sonoma is a growing city.

Make a list of the rich men of the State and you'll find the bulk of their fortunes were made in real property—they bought when property was low and sold when it was high.

They were far-sighted—they were careful to buy in locations where trade would naturally go and thus force advance in prices—they bought where public improvements were about to be made, or where the demand for high-class residence property caused a rise in values.

The time to buy is now—to day—while prices are low—at the price made by the original seller.

Don't wait to buy from those who'll buy to-day—make that profit yourself.

Cash or installment—no interest—no taxes. Investigate now before the lots are all sold. Call or address, THE EXPOSITOR, Sonoma, Cal.

Shows Improvement

The City of San Francisco, that two years ago was in great confusion and its streets filled with debris, has had a wonderful re-organization. When it is considered that over one hundred million dollars has been put into building alone, one can realize the immensity of the work accomplished. In addition, the city has had a splendid house cleaning and it is now pronounced one of the cleanest and most healthful cities in the United States. People from all parts of the nation are preparing to attend the festivities attending the arrival of the fleet in San Francisco Bay, which will witness the greatest aggregation of war vessels ever grouped in view at one time.

In connection with the health conditions of the City the Federal authorities state that the residences and places of business in San Francisco are cleaner than ever before; that no case of human plague has occurred for over sixty days, and that there are no cases now under suspicion.

Make a Start Now

The proposition that is uppermost in the minds of the intelligent people of this city to-day is, we must have a sewer system in and for the City of Sonoma. It is not a question for argument, there's no two sides to the question at all. We simply ought to have it right away without delay. The only discussion is as to the best plan to adopt. The Expositor favors the permanent plan of laying the main sewer to tide water. The sewer farm, septic tank plan is allowable when you can't do anything else, but not otherwise. It is by far the most expensive plan in the end.

Now that the new Board of Trustees have taken office, they have an opportunity of earning the plaudits and gratitude of the people of the city of Sonoma of doing the city the greatest good possible by beginning on the proposition and establishing a sewer system. Make a start now, ye Honorable Board, there is no better time than the present.

Some Hope Left

It is reported in press dispatches that one certain nobleman (so-called) of the real indigo blood variety, has been arrested in Omaha for vagrancy. We have heard of this same variety of cattle being refused a landing in the United States for the reason that they had no "visible means of support," but this is the first hobo of that breed that we know of who was ever in.

The surprising part of the whole matter is, that some millionaire fool didn't buy the creature for his daughter, thus securing a handle to her name, lots of notoriety, lots of trouble and an opportunity of squandering some money.

A MASS MEETING

Of the Grape Growers and Wine Makers will be held in Santa Rosa, Saturday, May 2, 1908, at 2:00 p. m., in Germania Hall, at which time a Viticultural Club will be organized. It is necessary that all grape growers attend the meeting as matters of the greatest importance of the grape and wine industry will be discussed. Mr. A. Sbarboro, of the Italian Swiss Colony, will be among those who will address the meeting. He will make a report of his recent trip to Washington and of the work now being done in the East for the benefit of the California wine industry.

Mr. Sbarboro will be pleased to have as many temperance people present as possible, his claim being that wine should be classed as a temperance drink the same as cider and other fruit beverages. The following are named as the committeemen having charge of this meeting:—A. Frei, Antone Korbel, Victor Piezzi, Chris D. Near, Robt. P. Hill, Leopold Justi, Col. L. W. Juillard, Senator Thos. Kearns, J. J. Alves, Wm. C. Chisholm, W. L. Cunningham, Jos. M. Talbot, John Strong, John Bailiff, Geo. W. Kingsbury, Jas. P. Kelley, J. P. Carvalho.

Fierce Forest Fire

For the past two week fierce forest fires have been raging on the hills northwest of town, mostly on Buena Vista ranch. It is reported that the flames were started from a brush fire built by a wood chopper, Mr. Cailleau owner of "The Castle" or Buena Vista ranch is a heavy loser. S. Sebastiano lost about forty cords of wood.

The spread of the flames has now been checked, the neighboring ranchers and many from this city assisting in fighting the destroying flames.

Primary Elections

The Republicans of this valley held their primary election last Tuesday afternoon, for the purpose of choosing delegates to the approaching County Convention. There was a spirited contest in Sonoma precinct. Two tickets were in the field, Julius E. Poppe, A. Baretta and R. A. McDonnell contested for the honor of being chosen delegates, with O. R. Wagner, Geo. W. Reed and J. W. Kelly. One hundred and twenty four votes were cast and the first three named were elected by large majorities.

In Agua Caliente precinct there was but one ticket, namely, John Lounibos and H. P. Matthewson, who received all the votes cast. In Glen Ellen precinct, Geo. O. Cobb, H. J. Chauvet and J. H. Weise, were chosen delegates.

To Be Hanged

The last hopes of Louis Dabner of Petaluma, and John Siemsen, the two condemned gaspige thugs, who cruelly murdered a Japanese banker in San Francisco nearly two years ago, were swept away Monday by the Supreme Court by two decisions sustaining the death sentences that were pronounced upon the men by the Superior Court.

The crime for which the two men will forfeit their lives was most unusual in its brutality and daring. Shortly before noon on the day of November 3, 1906, Siemsen and Dabner entered a Japanese bank on O'Farrell near Webster street, and while pedestrians were calmly passing in front, cruelly and with an intensity that was horrifying, beat to death M. Munkata, the manager and seriously injured an assistant named Sasaki, making their escape, in the end, with over \$2,000.

Mrs. Howard Hill Dead

The wife of Howard Hill was buried in the Hill family lot in Mountain Cemetery on Tuesday last. Mr. Hill, who is a brother of Robt. P. Hill, was formerly well known in this valley and has many friends here who will sincerely sympathize with him in his loss.

His wife came from her home in Port Townsend, Washington, to the St. Helena Sanatorium, for treatment, hoping to recover her failing health, but her condition was found to be much more serious than had been supposed and so deep were the inroads upon her system that it was beyond human skill to save her.

Mr. Hill will remain with his brother for a few days, before returning to his Port Townsend home.

Died by Own Hands

Mrs. Mary A. Hastings took a dose of strychnine Saturday at her home in Petaluma and died from the effects. She was a well known resident of that city and her act caused much comment and surprise. She told the physicians, who were called to attend her that she was unhappy and death was the only escape she could see. The funeral was held from the Episcopal Church in that city Tuesday.

Funeral of Mr. Bideaux

The funeral of the late Jos. Francois E. Bideaux took place from his late home in Glen Ellen last Saturday. Deceased had many friends and relatives who sincerely mourn his passing away. He was a native of France, where he was born 61 years ago. Interment was in Catholic cemetery, Rev. Father O'Brien officiating.

Pioneer Celestial Dies

Ah Wong Mong, a pioneer Chinese man of the valley died last Sunday in his cabin at Rhine Farm. He was over 60 years of age and had worked for Mr. Dresel for 30 years. The remains were interred Monday in Valley Cemetery.

A New Schoolmarm

Prof. and Mrs. W. C. Nolan are the happy parents of a fine new baby daughter who arrived at their home on Broadway last Tuesday evening. Both mother and child are doing nicely.

Stores Will Close

Many of the leading business houses in this city, will close all day on next Wednesday, May 6, on account of the arrival of the fleet.

Greeley-Michael Wedding

The marriage of Miss Helen Greeley to Mr. Ellis LeRoy Michael, was solemnized at the First Presbyterian church, on 12th street, Oakland, last Saturday the 25th of April, at 7:30 P. M. The bride was tastily and beautifully gowned in the U. C. colors, Copenhagen blue and gold, and the groom in the conventional black. The affair was a strictly private one, none but the relatives being present. The bridal party then spent the evening enjoying the theatre from whence the bride and groom repaired to the Key Route Inn, in Oakland, where they had engaged quarters. The happy pair will leave for La Jolla as soon as the present term of school closes, where they will spend the summer, sojourning on their honeymoon.

Mr. and Mrs. Michael were the happy recipients of many beautiful pieces of silver and cut glass, besides other useful articles. The Expositor joins their many friends in Sonoma, in wishing them a happy and prosperous future.

New Bakery

Messrs. R. Cantoni and E. Pinelli have formed a co-partnership and will engage in the bakery business in this city. They have secured the old City Bakery room in the Barbarin building on First street East and will open up today, May 1st. Mr. Cantoni is an experienced baker and knows how to make the finest of French and Italian pastry.

The firm will run a delivery wagon throughout the valley and supply their customers with fresh bread daily. A share of the trade is solicited. Their advertisement appears in this issue, read it.

A. E. Sondag, the Tailor

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial order for a good suit and you'll be satisfied.

Serious Fire Averted

The Gundlach-Bundschu winery east of town came near being destroyed by fire last Tuesday afternoon. A workman by the name of Rehag, was painting some casks in the cellar, when by some chance a lighted candle came too near the barrel of paint, thereby causing an explosion and fire. Mr. Rehag endeavored to stop the flames and was severely burnt about the face and arms. When he saw he could not prevent the spread of the flames he jumped from the scaffold, about fifteen feet to the ground, and sustained a compound fracture of the bone on the left leg just above the ankle. A call for help brought many willing hands who put out the fire after it had done probably \$150 damage.
 The injured man was brought to town where he is under the care of a physician. While the unfortunate man is suffering great pain it is not thought that his injuries will prove fatal.

Destructive Pests

The "Kangaroo rat" has made its appearance in the vineyards around and on the summit of Ben Lomond mountain. The little pest is between the size of a large mouse and a rat and has a mottled coat, spotted with white, and a head like a gopher. Its tail is about six inches long with a flattened or fan-like tip. In the vineyard of the Ben Lomond Vineyard Company they are appearing by the hundreds and feeding on the young buds of the grapevines. If some effective means of killing them is not hit upon, they will destroy the entire crop. Rough on rats and strychnine have been used with considerable success.

Don't You Feel Well? Ache All Over?

Feverish? Feel as though your blood was hot? Cold feet? Backache? Those warning signals which indicate that a bad cold or a fever is coming on? Don't get discouraged, but go home. On the way stop in any drug store and get Dr. Pierce's Golden Medical Discovery. When you get home, take a hot bath or a hot foot bath, go to bed, cover up warm—take a dose of the Golden Medical Discovery. In the morning another dose, and you will feel better. You will not have to continue many doses before you are well. If you still persist in the use of Dr. Pierce's Golden Medical Discovery you will find improvement in your general constitution, appetite and blood. Your liver will become active and throw off the poisons from the system. Get as near to Nature's way as you can. There's a reason. Vegetable foods are usually good for the health. The human economy digests and assimilates them best. In disease, a remedy made up of Golden Seal root, Queen's root, Stone root, Black Cherry bark, Mandrake root and Bloodroot, such as Doctor Pierce's Golden Medical Discovery, is positive yet safe, is assimilated in the stomach and taken up by the blood, therefore it is the most potent means which can be employed for the regaining of lost health. Microbes snatch at us from every corner. They mean to kill or eat us if they can. They are formed by millions on everything we eat, drink and wear. The air is alive with them. Medical science has proven in the past few years that nearly every disease is a germ disease. Such disease germs enter into the blood in two ways either through the lungs or stomach. If the blood is pure and rich, the liver and stomach in healthy, active condition, the germs of disease cannot find a resting place there to multiply. Diseases of the lungs, bronchitis and consumption, grip and pneumonia, are very apt to spread through a factory where there is much fine dust in the air. The lungs become irritated and the germs find a fertile field for growth. Extreme weakness, feelings of nervous exhaustion, coughs and colds are the warning signals which should be heeded. One should put the system in the very best possible condition right away. Rid your body of the poisons that are apt to accumulate and your system is ready to ward off the attack of the germs of disease. Doctor Pierce's Golden Medical Discovery makes rich, red blood—by increasing the red blood corpuscles. There is no alcohol in this great tonic to shroud up the red blood corpuscles. An alternative extract, made only of native medicinal roots, it goes about its work in nature's way. Only good can come from its use, as it invigorates and tones the liver into proper action, and feeds the worn-out nerves, stomach and heart on pure blood. "I am a firm believer in Dr. Pierce's Golden Medical Discovery," writes Joseph Napoleon Herbert, Chairman Board of Relief, of 223 Saint Street, Montreal, Quebec. "Find that it has been of practical value to a number of men in my employ. They are especially exposed to inclement weather, and often the colds contracted run into pneumonia. However, since we have known of the value of Golden Medical Discovery, there is much less sickness, as this medicine seems to keep the blood in a healthy condition. It is a very fine tonic for a run-down system and is well adapted to acknowledge its worth."

BAD HEADACHES generally arise from bad stomachs. Food breaks down, bitter taste, coated tongue, sour eructations or belching of gas are common symptoms though not all present in every case. To cure, take small doses, only one or two each day of old Dr. Pierce's Pleasant Pellets, the Original Little Liver Pills, first put up by him over 40 years ago. One or two a laxative, three or four cathartic.

Biliousness and Constipation

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Pepsin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthening the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally. Mrs. Rosa Pott, Birmingham, Ala. These tablets are for sale by L. S. Simmons.

Rosello or jelly plant has proved quite a success in San Jose and quite extensive plantings will be made this season.

The Most common cause of Suffering

Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ills, and it is certainly gratifying to sufferers to know that Chamberlain's Liniment will afford relief, and make rest and sleep possible. In many cases the relief from pain, which is at first temporary, has become permanent, while in old people subject to chronic rheumatism, often brought on by dampness or changes in the weather, a permanent cure cannot be expected; the relief from pain which this liniment affords is alone worth many times its cost. 25 and 50 cent sizes for sale by L. S. Simmons.

The Caspian Sea is the largest inland body of water in the world. It is 740 miles long, and its area is about 140,000 square miles. but it is rapidly diminishing in size.

Dr. Van Vroom

It seems a wonderful and impossible thing to the average "plate" wearer that we can put teeth in the mouth and make them stay there firmly without the use of a plate. Almost the first question put to us by a plate victim is, "How can you do it and what have you done in place?" The Alveolar method of putting in teeth is our secret. The fact that we do the work successfully and that it is both beautiful as well as successful, is proof the secret is valuable. Given two or more teeth in either jaw, tight or loose ones (we make the loose ones tight) and healthy, we promise to put in a beautiful set of teeth, each tooth set independently of its neighbor, the whole forming a piece of work that cannot be told from the best that nature can do. Will they last? The question usually follows. We can show hundreds of cases that have been in the mouths of our patients for years and are, if anything, more firmly entrenched today than when the work was finished. They will outlast those who are wearing them. Will you come in and let us look your teeth over? The consultation and examination are free. No obligation goes with it to have any work done unless you wish to employ our services. If we can enable you to do away with a wobbly, uneven, unsatisfactory, painful plate, wouldn't it be the greatest service that could be done for you? Half the charge of others. CAUTION—Look out for imitators and impostors. We have NO OFFICES outside of those given below. If you cannot call at present, write for information. 1007 Market Street, Near Sixth 1507 Fillmore Street, Corner O'Farrell SAN FRANCISCO
